**Approved:** at the meeting of the department of forensic medicine and medical law on August 27, 2024, protocol No. 1.

**Considered and approved:** at the meeting of the cyclic methodical commission for natural sciences dated August 28, 2024, protocol No. 1.

**Topic 13. State regulation and control of the circulation of narcotic medicinal products, psychotropic substances, precursors and plants of the hemp genus (Cannabis) in health care institutions.**

The methodical development was made by **A.B. Berzina**, associate professor of the Department of Forensic Medicine and Medical Law of Bogomolets National Medical University, candidate of legal sciences, associate professor.

**Competences:** ability to use knowledge of regulatory and legislative acts of Ukraine and recommendations of proper pharmaceutical practices in professional activities.

**Purpose:** the need to highlight the topic is due to the importance of orienting students in the issue of the regulatory system of circulation of narcotic drugs, psychotropic substances, their analogues and precursors. The student's ability to classify narcotic drugs, psychotropic substances and precursors according to the activity of their use in medical practice and the degree of danger to human health is important.

**Equipment:** personal computer
